

Draft London Plan

This survey invites your views on **Chapter 6: *Place visions and place-based approaches*** in the draft London Plan.

This consultation is to enable us to test whether the draft London Plan is legally compliant, and if it passes the test of soundness. We are unable to accept responses to the consultation that are more general in nature, and which do not provide your comments on specific chapters or policies in the draft London Plan.

You may respond to as many policies within this chapter as you wish. Please ensure you have commented on all of the policies you wish to comment on before you 'submit' this questionnaire to us.

You can also submit your response by email to londonplan@london.gov.uk or write to us at Sadiq Khan, Mayor of London, Draft London Plan, London Plan Team, Planning & Regeneration, City Hall, Kamal Chunchie Way, London, E16 1ZE.

Please note: representations submitted through this consultation may be processed and assessed using an artificial intelligence (AI) tool. The AI tool will assist in analysing responses to identify key themes and issues. Where there is supplementary information, software may be used to condense wording to a manageable extent for analysis. All outputs will be reviewed and validated by planning officers before any conclusions are drawn.

Our consultation will close on **15 October 2026 (17:00)**.

Legal and Procedural requirements

Before the London Plan can be adopted, it must comply with a range of legal and procedural requirements. These legal duties are set out in section 6 of the Mayoral Decision for the Consultation found [here](#) and include duties in relation to

- Statutory consultation
 - Sustainability Appraisal
 - Strategic Environmental Assessment
 - Equalities duties
 - Habitat Regulations Assessment; and
- other legislative duties placed upon the Mayor in the Greater London Authority Act 1999 [Greater London Authority Act 1999](#) , the Town and Country Planning (London Spatial Development Strategy) Regulations 2000 [The Town and Country Planning \(London Spatial Development Strategy\) Regulations 2000](#)

Compliance with these requirements is considered by the Inspector as part of the Examination in Public. The statutory and procedural requirements ensure that:

- The London Plan includes all required components (e.g., key diagrams, reasoned justification)
- The Mayor has undertaken proper public participation and consultation
- The Plan has been prepared with regard to national policy, EU obligations, and sustainable development considerations
- All procedural steps are correctly followed

This consultation is seeking views on the draft Plan, its evidence base and supporting documents. Consultees should have regard to the legal and procedural requirements when making representations.

4- Do you consider that, in overall terms, the draft London Plan complies with the relevant legal and procedural requirements applicable to its preparation?

(Choose any one option)

- ☐ Yes
☐ No

Answer Q5 only if you have chosen No for Q 4.

5- Please provide reasons for your response and identify any specific areas where you consider that the draft London Plan may not meet the legal or procedural requirements, providing evidence where appropriate?

Soundness

Once legal compliance has been established, the London Plan is assessed against the four tests of soundness set out in national planning policy and detailed below

- **Positively prepared:** The plan meets objectively assessed development needs, including unmet requirements from neighbours, consistent with sustainable development
- **Justified:** The plan is the most appropriate strategy when considered against reasonable alternatives, supported by proportionate evidence
- **Effective:** The plan is deliverable over its period and based on effective joint working on cross-boundary strategic matters
- **Consistent with national policy:** The plan enables the delivery of sustainable development in accordance with the policies in the [National Planning Policy Framework](#)

The following questions will ask whether or not you believe each policy in this chapter meets the 'test of soundness', and any updated national planning policy published within the consultation period as part of a revised NPPF (see [National Planning Policy Framework – GOV.UK](#)). The 'test of soundness' is a key part of the independent examination of the London Plan 'to ensure it is fit for purpose.
